MAJOR CLOSURES ON I-35W AT PHARR ST. TONIGHT

FORT WORTH, Texas – On **Tuesday, March 6th from 9 p.m. to 5 a.m.** the following closures will be in place:

- All lanes of southbound I-35W at Pharr St. will be closed. Traffic will be redirected along the frontage road to the on-ramp at Gilvin St.
- The direct connector from southbound I-35W to SH 121 will be closed. Traffic will be redirected along the frontage road to Belknap St. and then to N. Hampton St.

This work is weather-permitting. **Updated closure information is posted daily** on Twitter ([@NTExpress](https://twitter.com/NTExpress)) and Facebook (facebook.com/northtarrantexpress).

This work is part of the \$1.4 billion North Tarrant Express 35W project, which includes a 6.5-mile section that is currently ranked 23rd on the state's most congested roadways list. Ranked sixth when construction began in 2013, this section of I-35W from north of I-30 to north of I-820 including the I-35W/I-820 interchange in Fort Worth is already seeing traffic improvements with the reconstruction of main lanes and the addition of TEXpress Lanes.

Drivers are encouraged to "Know Before They Go," and visit www.northtarrantexpress.com for upcoming closures. To view detour maps, please visit the [Alternate Route Map](#) page. Also, as lane closures are updated frequently, please visit the [Lane Closures](#) page daily for the most current information. Closures are subject to weather conditions, and construction activities may be postponed if necessary.
