- The direct connector from eastbound I-820 to northbound and southbound I-35W will be closed. Traffic will be redirected to Haltom Rd.

This work is weather-permitting. **Updated closure information is posted daily** on Twitter ([@NTEExpress](https://twitter.com/NTEExpress)) and Facebook ([facebook.com/northtarrantexpress](https://facebook.com/northtarrantexpress)).

This work is part of the \$1.4 billion North Tarrant Express 35W project, which includes a 6.5-mile section that is currently ranked 23rd on the state's most congested roadways list. Ranked sixth when construction began in 2013, this section of I-35W from north of I-30 to north of I-820 including the I-35W/I-820 interchange in Fort Worth is already seeing traffic improvements with the reconstruction of main lanes and the addition of TExpress Lanes.

Drivers are encouraged to "Know Before They Go," and visit [www.northtarrantexpress.com](http://www.northtarrantexpress.com) for upcoming closures. To view detour maps, please visit the [Alternate Route Map](#) page. Also, as lane closures are updated frequently, please visit the [Lane Closures](#) page daily for the most current information. Closures are subject to weather conditions, and construction activities may be postponed if necessary.

###

The map illustrates the project area for the I-35W bridge project in North Tarrant. It shows the intersection of I-820 and I-35W, with various detours and closures marked. The legend identifies the following:

- MAIN LANE DETOUR:** Indicated by blue arrows.
- CITY STREET DETOUR:** Indicated by green arrows.
- CLOSED:** Indicated by red squares.

The map also includes a north arrow and the North Tarrant Express logo.

All lanes of the southbound I-35W frontage road from Great Southwest Pkwy. to the southbound I-35W off-ramp to Meacham Blvd. will be closed.  
Traffic will be redirected to Mark IV Pkwy.

All lanes of southbound I-35W at the Meacham Blvd. off-ramp will be closed. Traffic will be redirected along the frontage road.
