**EXTENDED CLOSURE OF EASTBOUND SPUR 280 CONNECTOR TO
NORTHBOUND I-35W BEGINS THURSDAY, JULY 21**

FORT WORTH, Texas – Drivers traveling out of downtown Fort Worth and heading north will need to seek alternate routes as the **eastbound Spur 280 connector to northbound I-35W will close for approximately two months, beginning Thursday, July 21.**

Motorists traveling westbound on Spur 280 connecting to northbound I-35W will not be impacted. In addition motorists leaving downtown will be able to continue traveling eastbound on Spur 280.

The recommended alternate route is to take the eastbound Spur 280 connector to I-35W south, exit Rosedale Street, and make a U-turn to access the on-ramp to northbound I-35W.

As part of this work the off-ramp from northbound I-35W to SH 121 will be moved farther south, near Spur 280.

This work is weather-permitting. **Updated closure information is posted daily** on Twitter ([@NTEExpress](https://twitter.com/NTEExpress)) and Facebook (facebook.com/northtarrantexpress).

This work is part of the \$1.4 billion North Tarrant Express 35W project. This includes a section that is currently ranked number six on the state's most congested roadway list along 6.5 miles of I-35W from north of I-30 to north of I-820 including the I-35W/I-820 interchange in Fort Worth. The project includes the reconstruction of main lanes and the addition of TEXpress managed lanes.

Drivers are encouraged to "Know Before They Go," and visit www.northtarrantexpress.com for upcoming closures. To view detour maps, please visit the [Alternate Route Map](#) page of our website. Also, as our lane closures are updated frequently, please visit the [Lane Closures](#) page on our website daily for the most current information. Closures are subject to weather conditions, and construction activities may be postponed if necessary.
