OVERNIGHT CLOSURES AT I-35W/I-820 INTERCHANGE
SCHEDULED THURSDAY NIGHT

FORT WORTH, Texas – In order to open the new direct connector from southbound I-35W to eastbound I-820, the following closures will be in place Thursday, September 29 beginning at 9 p.m. and lasting through Friday morning:

- The right lane of southbound I-35W at the I-35W/I-820 interchange.
- The left lane of eastbound I-820 at the I-35W/I-820 interchange.
- The direct connector from southbound I-35W to westbound I-820. Traffic will be redirected to Haltom Road.

The new direct connector, which will be farther north from the existing ramp, will be combined with the direct connector from southbound I-35W to westbound I-820.

This work is weather-permitting. **Updated closure information is posted daily** on Twitter ([@NTExpress](https://twitter.com/NTExpress)) and Facebook (facebook.com/northtarrantexpress).

This work is part of the \$1.4 billion North Tarrant Express 35W project, which includes a 6.5-mile section that is currently ranked twenty-third on the state's most congested roadway list. Ranked sixth when construction began in 2013, this section of I-35W from north of I-30 to north of I-820 including the I-35W/I-820 interchange in Fort Worth is already seeing traffic improvements with the reconstruction of main lanes and the addition of TEXpress managed lanes.

Drivers are encouraged to "Know Before They Go," and visit www.northtarrantexpress.com for upcoming closures. To view detour maps, please visit the [Alternate Route Map](#) page of our website. Also, as our lane closures are updated frequently, please visit the [Lane Closures](#) page on our website daily for the most current information. Closures are subject to weather conditions, and construction activities may be postponed if necessary.
